My dear Mama & Papa -

Another week has passed and not a line from you. But we have the assurance that soon we are to get some mail, so I am anxiously awaiting its arrival.

I am busy as ever. Now I am here with the Company - running a contagious Hosp. - visiting the sick in the town - with only one officer to help so you see I am busy, but we are doing it with no complaint. Soon I expect to see May Miller return. He will be a welcomed guest - You know he left us before we left U.S. Tyner did also. Last Sunday I visited a town near by. Tyner's old Company is located there. Soon they expect his return.

Mama the Madamelle Lockline insisted upon sending the package herself

Tell Robert don't depend on him to do
any thing to keep any one of the rest of
you from exposure. and I want him
to be a good boy + take advantage of
every opportunity.

Remember me to Betty + James.
I wrote Aunt Nellie + Cora once.
+ can't write all - So let them
hear from me thru you.

My address is same as at end

Much love

I hope you got it. It's very pretty. Soon I'm
sending you some collars for you and Lola
+ Aunt Alice. You must make the
distribution of them. They are all hand work,
I see a dentist here also. Three days ago I
pulled two teeth for a Madame. She had a
severe tooth ache + too bad to be filled - we
no dentist available so I yanked
them out.

We are having real Oct weather here.
Hunting season is on. Have been
invited to go - but are too busy to leave.

Am well and happy as can be. My
only desire is that carry me if you
have good health - don't expose your
self any at all this winter, and
remember I'm doing as you
taught me - Being so!

Much love

Some where in England,

My dear Mother folks all -

This is
a beautiful country - Its so
 quaint. The Streets, Houses,
 their roofs etc are red old and
 picturesque -

The people are altogether
 different - from what I expected.
 They are very congenial -
 and are much pleased with
 our men.

Our trip over was of
 course very interesting
 and I have good money

interesting tales to tell - They
certainly would be more interesting
now than later - but I can't
tell them now -

Did you get the letter from
Ming Geo. & sent you -
I'm as well and happy as
can be. but I'm busy.

I've been detached from
my Co - and assigned to Hdqrs
of 310 S. I'm looking
after all the office work and
that's about it. I suppose I shall
take it as a "promotion in
ability" - tho not in rank. "Come
on too young" - ha. That's how
all the compliments I get end
up - "but you are too young" - but
that only inspires me to do better
than ever.

I can't write every one
individually - They are to see
your son
H. Cagle Senior.
Use the address I sent previous.
